INTRODUCTION

LOVE, NILS

OUR VISION, MISSION & WORK

OUR VISION

To be a beacon of hope and resilience for paediatric cancer patients and their caregivers in Singapore.

OUR MISSION

To support children with cancer and their caregivers with much needed healthcare guidance, emotional care plus social and community support that will enable them to thrive.

OUR WORK

Hope and support for children with cancer.

To provide families with knowledge and resources. To provide patient navigators to children with cancer, integrated therapies, toy donations, free tickets to events, programs, and more. As a registered charity, our goal is to be there for them before, during and after treatment, every step of the way.

FOUNDER'S STATEMENT

A year of growth.

Dear Friends,

Looking back, it's hard to imagine our humble beginnings, when my family and I used to hold toy drives at home, hand-delivering toys to the National University Hospital's (NUH) paediatric cancer ward, where my late son Nils was deeply cared for during his own brave battle with cancer, after being diagnosed in 2012.

Having lived through and experienced first-hand the daily reality of living with cancer, I recognised the healing power of relationships and community. LOVE, NILS aims to provide the emotional, social and community support that is so desperately needed as patients and their families find their way through complex healthcare systems, often facing immense challenges to their wellbeing, such as anxiety, isolation and depression.

Since becoming a registered charity in Singapore in 2018, and with the incredible help of the LOVE, NILS community, the vision I had has started to evolve.

Giving Strength and Smiles to a Community.

With the help of an amazing Board of Directors, team of tireless volunteers, and many kind donors and supporters, we have created a community of hope and support for children with cancer and their families in Singapore.

In April 2019, we reached a key milestone; we donated S$100,000 to National University Hospital (NUH) to fund a Patient Navigator for children with cancer and their families for 2 years. This is one of our proudest achievements to date, and has been one of the main goals of LOVE, NILS since the very beginning of our story.

October 2018 saw the launch of our Open Art Sessions, in collaboration with the incredible team at Solace Art Psychotherapy. These regular sessions offer children undergoing treatment to escape and express themselves creatively under the guidance and facilitation of our licensed art therapists, and now form a core part of the LOVE, NILS programs.

Our 2020 Vision

There is still so much to do.

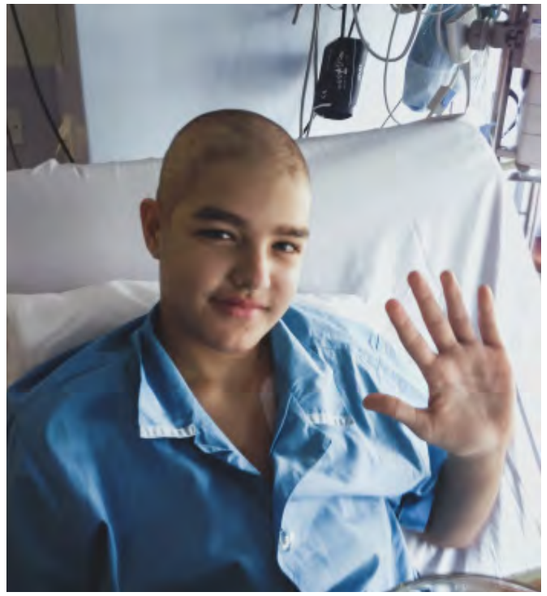
LOVE, NILS is seeking IPC (Institutions of a Public Character) and 501C(3) status in Singapore and the USA respectively. This status allows LOVE, NILS donors to claim tax relief from their assessable income and can help us attract more donors and funds.

This year, we also hope to establish a Housing Leadership Team of lawyers, real estate experts, and advisors to conduct a feasibility study to help us determine the best way to help families who may be in need of convenient housing throughout the treatment period.

As LOVE, NILS continues to build our amazing community, I look forward to tackling our new goals and challenges. The time, energy, and effort that has been poured into the cause is invaluable, and I cannot thank you all enough for your support as we further our cause, working even harder to make our programs and services better than ever and keep those smiles coming!

Warm wishes,

LESLI BERGGREN
Founder



THE MEANING BEHIND LOVE, NILS

Aged 12, Lesli Berggren's son, Nils, was diagnosed with a rare form of lymphoma stage 4 cancer. Lesli spent the next 18-months caring for her son as he received medical treatment both in Singapore and the United States of America.

Miraculously, Nils beat cancer following treatment at Singapore's National University Hospital. During his battle with cancer, Nils wrote letters to family and friends asking for prayers and strength. He always signed off as "Love, Nils".

However, a few months later, complications arising from a stem cell transplant tragically led to his passing.

Recognising a need for emotional and community support for families battling cancer, in 2017, Lesli Berggren founded LOVE, NILS, a Singapore registered charity which supports children who are suffering from cancer and their caregivers with healthcare guidance, emotional care, and social and community support.

Now, LOVE, NILS the charity will continue to embody his hope and fighting spirit.

STORIES FROM THE LOVE, NILS FAMILY

LOVE, NILS Ambassador, 3-year-old Darshan

"I was super touched when I got to know the history of LOVE, NILS. For Lesli, you do kind and selfless acts for the children with cancer by interacting with the children and families, toys drives and much more. We are grateful to be given the opportunity to 'draw your own shirt' and with that drawing, we are able to 'Pay it Forward' by raising funds for LOVE, NILS. A big thank you to LOVE, NILS."

- Ewe Yen Yen, Darshan's mother

Student Cancer Survivor Becomes LOVE, NILS Ambassador

Student Brand Ambassador, Zahaan

Year 7 students at Tanglin Trust School selected us as their charity of choice to raise funds. Zahaan, an 8-year-old cancer survivor stepped up as our newest Brand Ambassador.

Zahaan presented to over 200 students to teach them about our cause and how they can get involved in a student volunteer capacity and educated his peers on the struggles that come along with fighting cancer. He also acted as spokesperson at our Jeans & Gems annual fundraiser benefit. What a hero!

Bobby Chinn Attends Toy Drive

Celebrity Chef, Bobby Chinn

Bobby Chinn - award-winning chef, TV presenter, author, philanthropist along with LOVE, NILS, donate new toys to create a toy store shopping experience for children with cancer and their families at NUH.

With the help from local volunteers that dressed up as real-life Star Wars Stormtroopers, they gave the kids a day they'll never forget.. We loved telling kids to take as many toys as they could carry!

Student Helps Doctors at Ho Chi Minh City Children's Hospital

Student Brand Ambassador, Oscar

Thanks to Oscar Garcia Velasco, one of our enthusiastic student brand ambassador's from the Singapore American School! He teamed up with the paediatric oncology team at the National University Hospital Singapore to design an ongoing online English program to support children's cancer doctors in Ho Chi Minh, Vietnam.

Pillowcase Friday at NUH

Student Brand Ambassador, Chloe

Thank you to one of our most helpful and thoughtful Student Brand Ambassadors, 14-year-old Chloe who handmade 50 pillowcases for kids with cancer and delivered them to children in the hospital at NUH. This special touch will help them get a good night's sleep during their stay!

Isha and Avi Do it Again

Volunteers, Isha and Avi

We have an amazing family who just keep donating to LOVE, NILS! 9-year-old Isha and her 6-year-old brother, Avi Singh, decided in 2016 that they wanted to donate their Christmas presents to the LOVE, NILS toy drive, and they did the same thing the following year on their own accord.

In the past two years they asked their friends and family for cash donations in lieu of birthday presents and their parents agreed to match whatever their kids could raise, totalling $5,870! To top it all off, in May this year, the family donated 4 tickets to Ed Sheeran's completely sold out concert to our Calendar of Hope program. We matched them with a child with cancer and their family, and both families attended the show together. Now that's kid power.

03
OUR PROGRAMS

PROGRAM: PATIENT NAVIGATOR

In April 2019, LOVE, NILS donated SGD$100,000 to NUH; this money was specifically donated to fund a Patient Navigator for children with cancer and their families for 2 years, and is one of our proudest achievements to date.

The navigator's role is integral. It begins at the time of diagnosis and they help encourage and empower, taking the children and their families through every step of the journey as they navigate the healthcare system.

LOVE, NILS is currently the only charity in Singapore to provide this role to NUH.

WHAT DOES THE PATIENT NAVIGATOR DO?

- Help patients understand their diagnosis and any other concerns that may arise
- Explain the hospital's healthcare system to the patients and family/caregivers
- Participate in patient-family education to ensure that patients and family/caregivers understand the details explained
- Facilitate communication between the patients and family/ caregivers with their healthcare providers (e.g. act as interpreter)
- Provide emotional and community support through integrative therapies, housing and non-insured needs such as transportation and childcare
- Assist and connect patients and family/caregivers with the relevant resources, services and organisations within the hospital as well as the community
- Inform patients of the financial aspect of treatment and care
- Aid patients to identify financial resources and seek out avenues to obtain financial help
- Manage follow-up visits, referrals and investigative appointments to ensure appointments are not missed and continuity of care

PROGRAM: OPEN ART SESSIONS

In October 2018, LOVE, NILS worked with the amazing team from Solace Art Psychotherapy to offer our first ever Open Art Session at NUH.

Children diagnosed with cancer undergo major life changes. They have to suddenly cope with isolation, pain, loneliness, confusion and loss of hope. During this time, emotional, psychological, mental, physical and spiritual support are crucial. That's why we provide art sessions for the entire family.

Inspiring creativity and interaction, these sessions can help streamline the children back to a normal classroom environment with other children, whilst also strengthening their fine motor skills and muscles, which often become weak after months of treatment and lack of use.

Open Art Sessions by licensed art therapists are now a regular weekly feature on the LOVE, NILS calendar, and help children work through the emotional fallout of cancer and treatment.

PROGRAM: CALENDAR OF HOPE

With the help of some amazing partners, LOVE, NILS provides free monthly tickets to music concerts, plays and events to children with cancer and their families.

These tickets can help inspire the children and give them a momentary respite from the gruelling cycles of chemotherapy and various medical procedures, restoring a sense of normalcy and reigniting their child-like spirit. After enjoying a concert or play, many of our children have discovered a passion for theatre and music, writing their own stories and re-enacting the scenes themselves.

The financial burdens associated with cancer treatment often mean that families are unable to enjoy the simple pleasures in life, and have little in the way of family occasions to look forward together. These tickets allow families to spend time together and make memories outside of the hospital wards.

PROGRAM:
ANNUAL TOY DRIVE

LOVE, NILS began with small toy drives at Lesli's home, and still form a core part of our programs; we hold annual toy drives and donations at NUH and KKH children's cancer wards.

Children undergoing cancer treatment have extremely fragile immune systems, meaning they are often confined to hospital for months at a time.

LOVE, NILS brings the toy store experience to them, allowing the children to shop for free in a simulated toy store environment that is safe, with all new toys having been sanitised to protect compromised immune systems.

The smiles and wonder on the children's faces as they escape the daily battle against cancer and pick their new toys means this will remain a key focus for LOVE, NILS.

PROGRAM:
SCHOOL PROGRAMS

We are delighted to have built strong relationships with five local and international schools in Singapore, who are unwavering with their enthusiasm and support for LOVE, NILS.

Some of the ways that our Student Brand Ambassadors help include, book buddy systems with patients, art projects, volunteer tutors, welcome packs, patient resource guide, hand made pillowcases and creating awareness through engaging fundraising activities.

At LOVE, NILS, we believe that real change starts with our youth, and we have been humbled by the efforts of our Student Brand Ambassadors.

PROGRAM: T-SHIRT MASTERPIECE

LOVE, NILS provides children fighting cancer with art materials to create their own masterpiece, which our team then print onto t-shirts for the children to keep.

The children are encouraged to exercise their creative muscles and paint or draw anything from what makes them happy, what gives them strength, to what they want to be when they grow up.

We create a poster with the child's art work, telling their story. The posters help us raise awareness at schools and corporate speaking engagements.

This initiative provides an avenue for the children to express their creativity and talent and to regain a sense of achievement.

04 2020 VISION

OUR MAIN GOALS FOR 2020

Attain IPC & 501C(3) status

So we can issue tax-deductible receipts to donors for qualifying donations.

Secure a funded tutor program with licensed tutors for patients

Provide one-on-one home tutoring for children with cancer. Their suppressed immune systems won't allow them to attend school for months (sometimes years). Private tutors will provide the much-needed undivided attention to help children acclimatise back into school, or to help them keep up with their learning and skills. donations.

Create and implement a pen pal program

Implement a student-led Pen Pal initiative, with letters being hand-delivered to patients, parents, doctors and nurses twice monthly. This would help patients and their families know they are not alone in their fight.

Create a housing leadership team

To conduct a feasibility study to help us determine the best way to help families in need of convenient housing throughout the treatment period.

More partnerships

With corporations, schools, industry professionals, foundations and charities.

Increase awareness

Of LOVE, NILS and our cause through celebrity and influencer engagements and speaking and press opportunities.

And welcome more volunteers into the LOVE, NILS family!

HOW YOU CAN SUPPORT LOVE,NILS

Volunteer with us

We are always looking for dedicated individuals to help us provide more support to these children and their families.

www.lovenils.org/volunteer

Every donation makes a difference

With your support, we can make an impactful difference by hiring care coordinators, provide holistic therapeutic support and provide free tickets to events for children with cancer and their family.
