Support for Children with Cancer

TOY DRIVE

LOVE, NILS TOY DRIVE

In Singapore, there are 150 newly diagnosed childhood cancer cases each year. The childhood cancer journey is long and traumatic, lasting up to 3 years or longer. Toys provide joy and distraction from extended hospital stays and painful treatments.

Professor Allen, Head of Paediatric Oncology at NUH, says, "Toys are my life saver... patients who are sad that they need a procedure or painful prick get a chance to get a reward. It makes it more bearable as they need many procedures.."

Hundreds of children are treated for cancer every year at both NUH and KKH hospitals—will you help us bring joy into their lives?

With over 2000 toys delivered to hospitals annually, we will need your generous help to donate NEW, high-quality toys, games and electronics for children of all ages. There is NO limit on the number of toys needed.

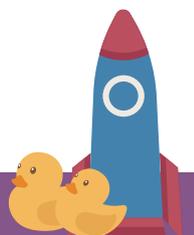

ORGANISE A TOY DRIVE

Simply indicate your interest by completing the Toy Drive Organiser form via <http://bit.ly/LOVENILSToyDriveForm>

You may also wish to gather your friends or colleagues to conduct a Teambuilding activity by helping to sort, sanitise and pack the donated toys.

**ALL ITEMS MUST BE NEW. NO USED OR PRE-LOVED ITEMS.
TOYS ARE DELIVERED TO THE HOSPITALS MONTHLY**

TOY WISH LIST
